HELPFUL HINTS

Base Set-Up

- Place the base on a flat, **level hard floor surface** in a location with a strong Wi-Fi signal.
- Make sure the base has at least 2 feet of clearance in front and 1 foot on both sides.
- Plug in the base. The LED will turn green when it is powered on.

Robot Install

Orient the robot to align its charging contacts with the base charging contacts. The base LED will blink green when the robot is charging.

Wi-Fi Connection

Hold down the **DOCK** button on the robot for 5-7 seconds to activate pairing mode.
