As your robot learns your home, you may need to make some small adjustments to optimize performance.

SCHEDULING

For a constant state of clean, set up a cleaning schedule in the app.

AVOID MOVING THE ROBOT OR BASE

While your robot is cleaning, do not pick it up and move it, or move the charging base—this could impact the robot's ability to map your home.

CHECK BASE FILL LEVEL

During the first few weeks, your robot will empty more often than usual. Check the fill level regularly. Home environments vary, and the bin may fill up quicker in some homes.

LIGHTING CONDITIONS
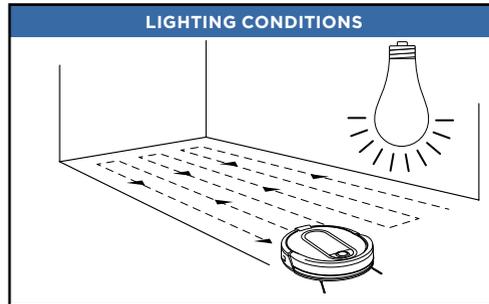

For best results, run your robot in well-lit conditions. If you run your robot at night, keep the lights on in the areas to be cleaned.

DOORWAYS AND THRESHOLDS
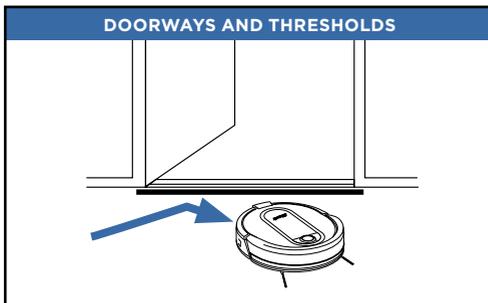

Your robot can easily climb over most thresholds, but if one is higher than 7/8ths of an inch, block it off with a BotBoundary® strip.

SELF-EMPTY™ XL

QUICK START GUIDE

To stay current on our latest updates and features,
DOWNLOAD THE SHARKCLEAN™ APP.

Search "SharkClean" in the app store.

Download on the App Store

GET IT ON Google Play

Scan QR code with your phone's camera to quickly find and download the app

SETUP

## STEP 1 — PREP THE ROBOT
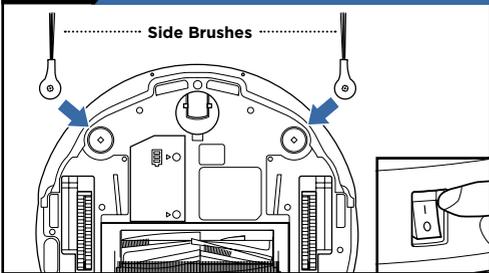

Side Brushes

- Remove protective film from robot and base.
- **Attach side brushes located in the red packaging.**
- **The power button on the side of the robot must be in the (I) ON position.**

STEP 2 — SET UP THE BASE

3 ft.
3 ft.
5 ft.

Find a **permanent** location for the base. Place it with its back against a wall, in an area with a good Wi-Fi signal. **Remove any objects** that are closer than 3 ft. from either side of the base, or closer than 5 ft. from the front. For best results, set up base on **hard floor**.
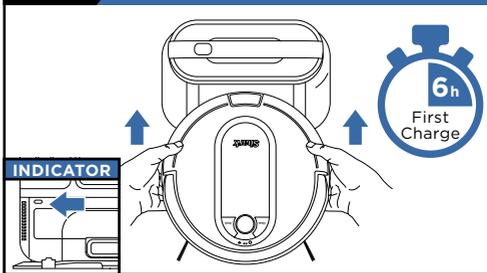

STEP 3 — PLUG IN THE BASE

SWITCH

- Plug cord into electrical outlet.
- Make sure the **power switch on the back of the dock is in the ON position**.

The **Indicator Light** will illuminate green when base has power.

## STEP 4 — CHARGE THE ROBOT

INDICATOR
6h First Charge

Place robot on base to charge **for 6 hours**. Power button must be in the (I) ON position and the robot must be aligned correctly, with its **BACK** side against the base. When charging begins, the robot will BEEP and the DOCK light will turn BLUE.

NOTE: Every time the robot returns to the dock, it will make a loud noise as it empties debris. This is normal and no cause for concern.

OPTIMIZING YOUR HOME FOR CLEANING
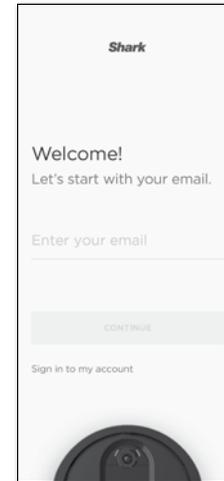

STEP 5 — PREP YOUR HOME
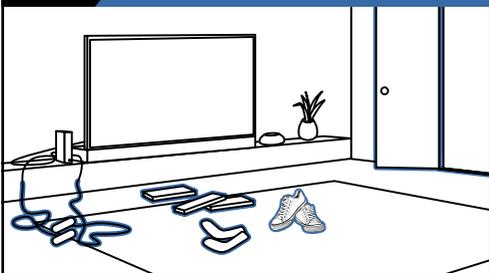

Clear cords and remove small objects like toys, clothing, or drapes from floors. Open interior doors in rooms you want your robot to clean.

CONNECTING THE SHARKCLEAN™ APP AND ROBOT

Search SharkClean in the app store and download to get started.

STEP 1 — Create An Account

- Open the **SharkClean** app and set up your account.

STEP 2 — Activate Robot Wi-Fi

- Hold down **Dock** and **Clean** buttons **simultaneously** until your Shark prompts you with audio, and Wi-Fi light (🛜) on robot blinks

STEP 3 — Select Robot (Apple iOS Only)

- Exit the app and open Wi-Fi settings.
- Select your robot (Ex. Shark_ RVXXX) from the menu.
- Exit settings and return to the SharkClean app.

STEP 4 — Connect To Home Wi-Fi

- Select your home Wi-Fi network and enter your password.

NOTE: Most networks are **2.4 GHz.** The app will not work on 5 GHz network.

STEP 5 — Success!

- When pairing is complete, the **Success** screen will appear.

Questions?

CAN'T CONNECT?
Restart your phone
Reboot your robot
- Make sure the power switch on the back of the BASE is in the ON position.
- Press the power button on the side of the ROBOT to the OFF position for 10 seconds, then press it again to turn power back ON.

Reboot your router
- Unplug the router power cable for 30 seconds, then plug it back in. Allow several minutes for your router to reboot completely.

Two Easy Steps If You're Stuck:
Having trouble connecting to your robot? Call **1-888-228-5531** for robot support.
